Licensed and Bonded Nurseryman
R. 1, BOX 16D, VANCOUVER, WASH.

Member American Gladiolus Society,
Clark County Floral Society

GENERAL INFORMATION

Order early. All orders are filled in rotation. Ordering early will insure the reservation of varieties that later may be sold out.

Substitutions. We do not substitute. If we are sold out of any stock on your order, your money will be refunded. We would suggest however the naming of a second choice.

Forwarding. We deliver postpaid to any postoffice in the United States Gladiolus bulbs, Dahlia tubers and perennial plants except as noted. Shrubs, heavy plants and plants that cannot be readily sent by mail will be sent by express, purchaser paying charges. Stock is shipped as soon after order is received as conditions permit or at proper planting time. Orders sent out of season, we reserve the right to hold and send at proper planting time.

Guarantee. We guarantee all bulbs and plants sent out by us to be true to name; to arrive safely and to be in a condition to grow on arrival and to be free from injurious insects and diseases, and if any stock should prove to be untrue to name or should prove to be unsatisfactory, on arrival, we will replace or refund the purchase price. Most of the failures with bulbs and plants are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, improper planting, etc., which renders it impossible for us to guarantee successes. We take all possible care to supply only such stock as will, under reasonable care, produce satisfactory results but we can give no guarantee as to the productiveness of any bulbs or plants we send out and will not be in any way responsible for the crop. All orders are filled on this basis only. It must however be plain to everyone that it is to our best interests to send out only such stock as will not only prove true to description but grow also.

Terms. Cash with order unless parties are known to us. No goods sent C.O.D. unless at least 50% of purchase price accompanies order.

Remittances should be made by bank draft, check, postoffice money order, express order or registered letter. Do not send money in letter unless registered. Postage stamps accepted up to \$1.00.

No orders of less than \$1.00 accepted for mailing.

Errors. We exercise the utmost care in filling orders striving to do a little more than we offer, yet sometimes errors occur, in which event we wish to be promptly notified of the fact and will promptly make such corrections as will be satisfactory. Please keep copies of your order for comparison.

Name and Address. Please remember to write your NAME, POST OFFICE, COUNTY and STATE; also give STREET NUMBER or P. O. BOX as plainly as possible.

Reference. Vancouver National Bank, Vancouver, Wash.

This catalogue cancels all previous price lists.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

GLADIOLUS

Culture: The Gladiolus will thrive in any good soil. They do best in a sunny location. They should be planted in the Spring after danger of frost is over, never in the Fall. Plant in rows 18 inches apart, four to six inches apart in the rows and four to six inches deep depending on the character of the soil. Or they may be planted in beds six inches apart each way and from four to six inches deep. Do not use fertilizer at time of planting. It is better to use a commercial fertilizer, as sheep guano, as a top dressing and work it into the soil. The ground should be kept well cultivated at all times and the plants need plenty of water after the flower spikes begin to appear. In watering, give the ground a good soaking. When cutting flowers, leave at least four leaves to develop the bulb. The bulbs are ready to take up about six weeks after blooming regardless as to whether the top has turned yellow or frosted or not. Dig the bulbs on a bright day, cut off the top immediately close to the bulb, allow to dry and store in shallow trays in a cool, dry place, free from frost.

Our bulbs are clean, healthy, young and vigorous and will give you splendid results with reasonable care. PRICES ARE FOR NO. 1 (1½ inch and up) BULBS, PREPAID.

We can supply half sizes in some varieties (bulbs 1 inch in diameter) at half price. These smaller sizes produce fine flowers altho the spike is not so large as those from the larger bulbs. Next year they will be in their prime. WE DO NOT HAVE SMALL SIZES EXCEPT ON THOSE VARIETIES PRICED AT HALF PRICES.

12 bulbs of a kind at 10 times the each price. 6 bulbs of a kind at 5 times the each price.

EXTRAS:

On orders of \$2.00 you may add 20% extra in bulbs of your own choice.

On orders of \$5.00, 20% extra your choice and 1 large bulb of Mrs. Leon Douglas.

On orders of \$10.00, 20% extra your choice and 1 large bulb of Henry Ford.

On orders of \$20.00, 20% extra your choice and 1 large bulb of Mr. W. H. Phipps.

On orders of \$25.00, 20% extra your choice and 1 large bulb of Geraldine Farrar.

Extras do not apply to mixtures.

Ah—Pale apricot pink and yellow. Medium sized flower on vigorous plant and foliage, slightly ruffed. 35c each.

Albania—Large flowers of pure glistening white. 15c each.

Alice Tiplady—(Prim) orange saffron, early, very fine. A very popular variety. Half size 4c each. Large 8c each.

Anna Eberius—Large flowers, velvety purple deeper in the throat. A very beautiful and popular variety. Half size, 5c each. Large, 10c each.

Byron J. Hulot—Dark velvety purple, tall. Half size, 4c each; large, 8c each.

Butterfly—(Prim). Large pale salmon yellow, ruffed. 10c each.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Byron L. Smith—Delicate lavender pink with slivery suffusions, yellow in throat, a refined variety. 10c each.

Carmen Sylva—Large, tall, very fine white. 15c each.

Challenger—Giant, dark rich velvety red, solid color. Large, vigorous plant. An extra fine variety. 25c each.

Crinkles—Deep peach pink, very heavily ruffled. 50c each.

Culebra—White tinged salmon, ruffled, beautiful throat markings. Half size, 5c each; large, 10c each.

Delphi—Light red with gold markings in the throat, very late. Half size, 8c each; large, 15c each.

Diana—Best commercial red. 12c each.

Diener's American Beauty—American Beauty Rose color with creamy throat, large flowers and many open at a time. 25c each.

Dr. F. E. Bennett—Firey red. New. Flowers often six inches across. A dazzler. \$1.50 each.

Dr. Van Fleet—Tall early pink with yellow throat. 20c each.

E. J. Shalor—Tall, rose pink, ruffled. 8c each.

Elf—Lemon yellow buds opening white with yellow throat. 15c each.

Fern Kyle—Large creamy white flowers, ruffled, vigorous grower. 50c each.

Geraldine Farrar—Pale lavender violet with violet spot on lower petal. A sensational new blue variety. \$2.50 each.

Giant Myrtle—Soft pink on white, large flower and spike. New and grand. 50c each.

Giant Nymph—A very large, tall variety of light rose pink with creamy yellow throat. An outstanding variety. 35c each.

Glendale—An extra fine tall graceful purple. 30c each.

Gold—Lovely large clear yellow, 20c each.

Golden Measure—Large flowers of rich golden yellow, often slightly flushed with red. 12c each.

Gov. Hanley—Tall, showy, early, rich cardinal red, with deeper throat. 10c each.

Henry Ford—Dark purple much like Anna Eberius but color much clearer and said by the originator to be better. \$1.00 each.

Herada—Beautiful large glistening mauve. The best of its color. Half size, 4c; large, 8c each.

Halley—Salmon pink, large open flowers, early. Half size, 3c; large, 5c each.

Jenny Lind—Pink with yellow throat. A most beautiful and charming variety. One of the best in our collection. 30c each.

John T. Pirie—Purplish brown, beautiful throat markings. 40c each.

Immensity—A fine salmon, large spike and flowers. We consider this one of our best ones. 20c each.

Indian Summer—A very large light lavender rose pink on creamy white ground, massive ruffled flowers on strong spikes. 30c each.

Louise—Large, well opened, orchid like flowers of an attractive bright blue lavender color. Half size, 5c; large, 10c.

Le Marshall Foch—Pure delicate rose pink, flowers large and wide open. Half size, 3c; large, 5c each.

Linton—(prim) Clear salmon. 15c each.

Mary Pickford—White with yellow throat, beautiful, early. Half size, 6c; large, 12c;

Mr. W. H. Phipps—La France Pink overlaid with light rose salmon, lower petals faintly stripped and speckled with ruby. Flowers of the largest size. Considered a masterpiece in gladiolus. \$2.00 each.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Mrs. Franc's King—Tall, scarlet. A fine cut flower. Half size, 3c; large, 5c each.

Mrs. Frank Pendleton—Salmon pink with maroon blotch on lower petals. Half size, 3c; large, 5c each.

Mrs. F. C. Peters—This is a wonderfully new variety of rose lilac with soft crimson blotch. 35c each.

Mrs. H. E. Bothin—Light pink with scarlet center, ruffled. 15c.

Mrs. Leon Douglas—Begonia rose striped with scarlet, flowers extremely large, very open borne on long, strong spikes five feet high and carrying several side spikes. 50c each.

Mona Lisa—Soft rose pink, ruffled. Half size, 5c; large, 10c each.

Myra—(Prim) Large salmon yellow with red stripes on lower petals. Half size, 3c; large, 5c each.

Orange Glory—Fine orange with beautiful lighter throat. Very rich and striking color. Beautiful and distinct. Half size, 5c; large, 10c each.

Panama—Rose pink, very large open flowers. Half size, 3c; large, 5c each.

Peace—White feathered red in the throat. Half size, 3c; large, 5c each.

Prince of Wales—Strawberry pink shading to a very pale pink throat. Strong spikes. Very early. 10c each.

Purple Glory—Deepest velvety maroon red with darker blotches, ruffled, tall and striking. Extra fine. Half size, 10c; large, 20c each.

Richard Diener—Large La France pink, soft yellow in the throat. One of the very finest. 40c each.

Rose Ash—A unique shade known as ashes of roses. 10c.

Salmon Beauty—(Prim.) Deep salmon, rich salmon yellow throat. 15c each.

Sans Pariel—Apricot pink with white throat of remarkable purity. Large plant and flower. An importation from Paris. \$1.00 each.

Sheila—Light coral red fading to flesh pink in the throat with primrose blotch on lower petals, penciled with pomegranate-purple. An exceptionally good early variety. 15c each.

Smiles—White with rose pink on outer edge and beautiful throat. Ruffled. 15c each.

Smiles—White with rose pink on outer edge and beautiful throat. Ruffled. 15c each.

Sulphur Glow—A beautiful shade of yellow. Many well expanded intensely ruffled flowers open at a time. 50c each.

Sweet Lavender—Light lavender pink blending into creamy yellow with magenta blotch, early. 10c each.

Schabwen—A giant yellow with red blotch in throat. Half size, 3c; large, 5c each.

Tyrian Beauty—Magnificent spike of large flowers of pure Tyrian rose. Upper petals slightly lighter. Tall straight strong grower, beautiful and attractive. Surpasses all others of like color. Half size, 8c; large, 15c.

Violet Glory—Rich self-colored deep violet, deeper throat, slightly ruffled, large flower. Half size, 8c; large, 15c.

White Glory—A pure white with beautiful iris blue throat. Ruffled. 10c each.

MIXTURES

NO. 1—A mixture of a good many colors. All good bulbs. No trash. 50c a doz. 3 doz. for \$1.00 postpaid. Half size, 25c a doz. 60 for \$1.00 prepaid.

NO. 2—A mixture of a large number of choice kinds. We make this up to order, equal amounts of numerous kinds, and can leave out one color or put in more of one color if you wish. Large bulbs, 75c per doz. 3 doz. for \$2.00 postpaid. Half size, 40c per doz. 6 doz. for \$2.00 postpaid.

Either mixture is good value and will be sure to please.

DAHLIAS

Culture: Dahlias will thrive in any soil that will produce a good crop of potatoes. They grow best in a sunny location. The soil should be spaded deep. Do not use fertilizer at planting time. The tubers should be set three feet apart each way. Dig a hole six inches deep and lay the tuber flat in the bottom, eye side up. Drive a stout stake near the eye at time of planting. Fill the hole about half full of soil. When the plant has made two pair of leaves, pinch out the top above the second pair. Cultivate thoroughly, gradually filling in the hole. When buds appear pinch out all but one on a stem and also the next pair or two of shoots below the bud. This practice of pinching out the top and the buds make a dwarfer and bushier plant with large flowers on long stems suitable for cutting and exhibition. Keep the plants well watered during the dry season. After frost has killed the plant, cut the top off close to the ground, dig carefully and store on a dry, cool place free from frost. It is better to turn the clump with stem end down in storage.

EXTRAS:

On orders of \$2.50 you may add 20% extra in bulbs of your own choice.

On orders of \$5.00, 20% extra, your choice and 1 tuber of Mrs. Warnaar.

On orders of \$10.00, 20% extra, your choice and 1 tuber of Mrs. Carl Salback.

On orders of \$15.00, 20% extra and 1 tuber of Ballet Girl.

On orders of \$20.00, 20% extra and 1 tuber of MacGregor.

On orders of \$30.00, 20% extra and 1 tuber of Jersey's Beauty.

Extras do not apply to special offers, elsewhere.

All orders are filled with field grown tubers of proper planting size, except as noted. We guarantee all Dahlias to be true to name and to grow and will replace or refund purchase price on any that are untrue to name or fail to grow. We prepay transportation charges on Dahlias.

OUR OWN INTRODUCTIONS

Annie Langlois—(Decorative) The center is dark amber shading thru golden amber, apricot to buff at edge. The flowers are of good size with petals turned back toward the stem giving it a globular form. The bloom is held erect on strong stems. The plant is vigorous. On account of its unusual rich combination of autumn color together with its other fine characteristics, we predict that this one will make a place for itself in the front rank of the finer varieties. \$10.00.

Brig Stong—(Decorative). A very large flower similar to Geisha in color but containing more of the yellow especially late in the season. The petals are long and slightly curled giving it a very attractive appearance. The flowers are full, held upright on stout stems. Plants vig-

orous. Sure to be a popular one. \$5.00.

Humboldt—(Peony) Reddish purple with silver reverse. Petals usually slightly twisted showing the reverse. Often having rudimentary petals which are curled and cover the center. Strong stems and good plant. \$1.50.

Joe Langlois—(Decorative). A rich dark slightly reddish purple of fine form and excellent habit. Silvered lines on the reverse. The flowers are of good size on stiff stems, lasting well when cut. A very fine one in its color. \$5.00.

Prof. S. A. Beach—(Cactus) A large flower of the finest cactus form. The color is cardinal with reverse of gold. The reverse of the petals shows in the center giving it a center of gold surrounded by cardinal. The

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

outer petals gradually change to a golden hue. It always has a full center and the flowers are held erect at right angles to a stout stem. Lasts well when cut. Sturdy plant. \$5.00.

Vancouver's Geisha—(Peony). Coloring practically identical with Geisha but the petals are from $\frac{1}{4}$ to $\frac{1}{2}$ an inch longer and slightly twisted, rolled and curled giving it a very artistic appearance. Stems and plant good. A seedling of Insulinde. \$1.50.

Washingtonian—(Decorative). An immense flower, often ten inches in diameter. The color is a rosy mauve pink throughout. The big blooms are held upright at right angles to the stout stems. A vigorous grower. \$2.50.

General List

Attraction—(Hyb. Cac.) Silvery mauve rose, large flowers, good stems and sturdy grower. 60c.

Ballet Girl—(Cactus). A very striking dahlia and one that is much admired. Some flowers are pure orange, others orange edged white and there may be all combinations of white and orange on the same plant. \$1.00 each.

Bertha Von Suttner—(Decorative). A pleasing salmon pink with yellow suffusions. 35c each.

Betty Austin—(Cactus). Color yellow at base blending to rosy carmine and rose, yellow at tips. Stiff stems. A very beautiful and pleasing variety. 75c each.

Bianca—(Hyb. Cac.) Deep lavender pink, strong erect habit of growth. Blooms held erect above foliage on stout stems. 25c each.

Billionaire—(Peony). Large golden yellow. 50c each.

California Enchantress—(Hyb. Cac.) A beautiful shade of light pink. The large, well formed flowers are held erect on stout stems. 75c.

California Supbera—(Decorative) An immense flower of delicate pink shading to white at the center. The blooms are of good form and retained their centers throughout the very dry season of this past year. The stems are stiff and straight carrying the flower well above the foliage. An exceptional one. \$3.00 each.

Centennial—(Decorative.) A pure white of large size and finest form. Stems long and stiff holding the bloom well above the foliage. Vigorous grower. Originated by Mr. M. H. Dean of this city and named in honor of the city's 100th birthday. A 1925 introduction. \$5.00 each.

Champagne—(Decorative). A high flower held rigidly erect on cane like stems. Good habit of growth and a profuse bloomer. Dull golden champagne shaded with chamois. One of the best new introductions. \$2.50 each.

City of Portland—(Peony). A clear, rich deep yellow of very large size. The vigorous plants produce flowers freely throughout the season. 75c each.

Colossal Pink—(Decorative) Clear, bright pink shaded lighter at tips and center, of massive build and always full. Good stems. An ideal garden plant. \$1.00 each.

Delice—(Decorative). Bright rose pink. Very good cut flower. 25c each.

Dr. H. G. Dean—(Dean. Hyb. Cac.) blooms of brownish orange with rose crimson reverse. 75c each.

Geisha—(Peony). Red and yellow, very large, a striking flower and a very popular one. 60c each.

George Walters—(Hyb. Cac.) A very large soft coral pink suffused with gold in the center. It is a splendid grower and a very free bloomer. An exceptionally fine one. 60c.

Gladys Sherwood—(Hyb. Cac.) A very large white flower on a straight stiff stem. A prolific bloom-

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

er. Fine for garden or exhibition. 75c each.

Gloria—(Decorative). A good sized flower of pure yellow. 35c each.

Gloire de Paris—(Show). A large flower of reddish purple. Good stems and plant. An extra fine one in this class. 75c each.

Golden West—(Cactus) Rich golden bronzy yellow. Good grower with stiff stems. 50c each.

Grizzly, The — (Decorative). Dark maroon red, stiff stems. Extra large flowers. Strong grower. 75c each.

Helen Dornback—(Hyb. Cac.) Delicate blush to glowing pink at center. 50c each.

Hortulanus Fiet—(Decorative) Flowers over eight inches in diameter, of the most delicate shade of shrimp pink, the tip of each petal touched with gold. The entire flower has a suffusion of delicate tints of red and yellow which gives a glow yet softness of color of great charm. Stems and plant good. 75c each.

Insulinde—(Decorative). A large orange buff, overlaid with a golden sheen shading to orange deep in the center, with old rose on the reverse of the broad curly petals. The blooms face up on straight, wiry stems. Excellent cut flower. \$1.00.

Isabelle Street—(Decorative). Base bright yellow, shading to bright rose red with white tips, reflex pale yellow. 75c each.

Jean Chazot or Gay Paree—(Cactus) A beautiful dahlia and charming cut flower. A golden bronze suffused nasturtium red. An abundant bloomer on fine stems. Plants only, 50c.

Jersey's Beauty—(Decorative). This is an outstanding variety of great beauty. Eosine pink. Fine, stiff stems, strong grower. A great cut flower and prize winner. \$3.50 each.

Judge Merean — (Decorative). A huge flower of perfect type. The color is a combination of salmon pink, red, orange, yellow and gold. Free bloomer on long strong stems. \$1.00 each.

Johanesburg—(Cactus). Bright gold, good stems and free flowering. 35c each.

Kalif—(Hyb. Cac.) A wonderful and beautiful flower of pure scarlet. 50c each.

King of the Autumn—(Decorative) Golden suffused buff. A very effective Autumn color. The flowers are carried well above the foliage on extra long stiff stems making it an excellent cut flower. 60c each.

Kitty Dunlap—(Decorative). A very free flowering, fine formed dahlia of American Beauty rose color. Stems long and stiff. \$1.50 each.

Lady Lavender—(Dean). Dec. Large lavender with faint yellow stripes running thru the petals. 75c each.

Loma S. Vermilion. Blended flame and apricot shadings. \$1.00 each.

MacGregor—(Hyb. Cac.) A lovely spectrum red of fine form on good stems. Good grower and free bloomer. \$2.00 each.

Mariposa—(Hyb. Cac.) An immense flower of bright yet delicate pink shading lighter to the center. A free bloomer. Stems long and stiff. The flowers are fine both for cutting and exhibition. \$2.00 each.

Mary C. Burns — (Decorative). A combination color of red and old gold. The outside of the petals is old gold while the reverse is red. Good stems and a free bloomer. 75c each.

Mary Steffenson—(Hyb. Cac.) Color at base, citron yellow, outer half creamy white, both yellow and white mottled and overspread with rosaline pink. Petals recurved and ends rolled in. 75c each.

Millionaire—(Decorative). A monster dahlia held erect on strong stems. Light lavender shaded to white at the center. 75c each.

Mina Burgle—(Decorative). A free blooming rich dark scarlet. A favorite cut flower variety with florists. 25c each.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Miss Vancouver—(Dean). A large flower of a beautiful shade of uniform bright pink. Good stems and plant. \$2.50 each.

Mrs. C. Cooper—(Cactus). Flowers of large size on good stems and a free bloomer. Color cream, the outer petals slightly suffused salmon. 50c each.

Mrs. C. Githens—(Decorative). Rose pink tipped white, petals long, pointed, and reflexed and slightly whorled. Stiff stems. 75c each.

Mrs. Carl Salback — (Decorative). Very large lavender pink blooms on exceptionally long, stiff wiry stems. An excellent variety for cutflowers and exhibition. 75c each.

Mrs. Gertrude Higgins — (Dean). Hyb. Cac. Large flowers on perfect stems. Crimson tipped with gold. 50c each.

Mrs. Maud Hastings—(Dean). Very soft yellow, full flowers on good stems. Prolific bloomer. 35c each.

Mrs. I. de ver Warner—(Decorative). Very large beautiful flowers of fine form and substance. Rich rosy mauve; long rigid stems. Very attractive in the garden and fine for cutting or exhibition. \$1.00 each.

Mrs. Nellie Dean—(Dean) Hyb. Cac. Giant flowers of brilliant carmine-cerise with lighter reverse. 50c each.

Mrs. Rowena Fairchild — (Dean). An exceptionally good pink peony. 60c each.

Mrs. Warnaar—(Hyb. Cac.) White suffused pink, large, free flowering. Stiff stems and sturdy plant. An excellent variety for the garden, cutting or exhibition. 60c each.

Mme. Marie Duchet. — (Cactus) Lovely mauve passing to white at center. 25c each.

New Moon—(Hyb. Cac.) Canary yellow tipped white. A free bloomer on long straight, stiff stems. Everybody likes this one. \$1.00.

Nibelungehort—(Hyb. Cac.) A popular and satisfactory variety of a beautiful old rose color. Flowers of good size on stiff stems. 50c.

Ori Fino—(Cactus). Light canary yellow. Stem long and strong. Free bloomer. This is a very fine yellow variety. \$1.00.

Osam Shudow — (Decorative). A beautiful shade of old rose with yellow shadings at base of petals. The flowers are large and borne on long, strong erect stems. A soft and pleasing shade of orange buff slightly tinged with rose. A lasting cut flower. \$1.75 each.

Pennent—(Cactus). A beautiful deep, clear coral, incurved type. 35c each.

Pierrott—(Cactus). Amber boldly tipped white, large flowers. 35c each.

President Wilson—(Decorative). A large and attractive dahlia on good stems. Soft dark crimson, generally tipped pure white. Attracts much attention. \$1.50 each.

Princess Pat—(Decorative). A very large, soft old rose flower that is borne on stiff stems. 75c each.

Princess Julianna—(Decorative). An early, free flowering pure white borne on good stems. Excellent for cutting. 25c each.

Polar Bear—(Decorative). A very large pure white on long stiff stems. Very free flowering. Extra for garden decoration. 50c each.

Rockwood—(Decorative). This was one of the finest blooming varieties and one of the most attractive in our garden the past dry season. The plant is low growing and produces an abundance of very large, artistic flowers of a bright cerise-rose color. Every bloom is perfect throughout the season, always coming full at the center. The fine straight stems hold the flower perfectly erect, well above the plant. Plants only \$2.25.

Rosa Bonheur—(Hyb. Cac.) Ivory white center shading to a beautiful shell pink. Free blooming and splendid stem. The outer petals are

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

prettily twisted and curled giving it a graceful and artistic appearance. Always a prize winner. \$2.50.

Rosalia Styles—(Peony). An immense flower of beautiful form carried on strong, stiff stems well above the sturdy plants. A free and continuous bloomer and good cut flower. A live lusterous bright tyrian pink. Does not show peony form until fully expanded. 75c each.

Rheinkonig—(Cactus). A very pretty pure white of the finest form on stiff stems. 25c each.

Shudow's Lavender—(Decorative) A very large silvery lavender shaded to white. The stems are strong and hold the flowers well above the lacy foliage. A very fine one. \$2.50 each.

Sequoia Gigantea—(Decorative). A great big buttercup yellow with a suggestion of red. A very strong grower. 75c each.

Snow King—(Dean. Hyb. Cac.) A free blooming pure white on a good stem. 50c each.

Souverinty—(Cactus). A large pure yellow. A strong grower and produces a long succession of fine blooms. 50c each.

Sunset—(Dean. Dec.) Flowers often eight inches in diameter with petals curving back nearly to the stem forming almost a complete sphere. Coloring resembling a beautiful sunset. 75c each.

Sussex—(Cactus). This has the narrowest petals of any in our list. Incurved type; good habit of growth; clear light yellow. 75c each.

Testout—(Decorative). Color of the Caroline Testout rose. Medium size and very fine for cut flower. 75c each.

Tobahana—(Dean. Dec.) A pure orange scarlet of a most attractive form, the petals being arranged in such a way as to preclude all stiffness. Good stem, free bloomer and fine habit of growth. A very large and beautiful dahlia. \$1.00 each.

U. S. A.—(Hyb. Cac.) A mammoth flower of an exquisite deep orange color that is unusual in dahlias. A very full flower carried on excellent

stems well above the foliage. Free blooming and one that attracts great attention. Plants \$1.00. Tubers \$1.50.

Vulcan—(Cactus). A large and full, deep maroon and at the base of each petal there is a tiny white petal. Incurved claw like. Good stems and good habit of growth. 75c each.

Wodan—(Hyb. Cac.) The flowers are a graceful arrangement of semi-incurved, tubular petals of a pleasing delicate salmon rose color shading to old gold at the center. 50c each.

Wacht am Rhein—(Cactus). A beautiful shell pink. 25c each.

Wizzard of Oz—(Decorative). This veritable giant is a rare shade of glowing amber pink, of soft salmon shades and are held high on strong stems. A fine exhibition variety. \$3.00 each.

Yellow King—(Cactus). A large free flowering pretty canary yellow. 35c each.

No. 4.—Eight good varieties all different but not labeled, postpaid, \$1.00.

Dahlia Seed

Saved from the finest named varieties. 60 seeds \$1.00.

HARDY PERENNIAL PLANTS

The growing popularity of the hardy garden flowers is not at all surprising when we consider the many and varied changes which take place throughout the growing season and the splendid results obtained with so little care. Every week brings forth something new to interest and delight. Very early in the spring the early varieties open their flowers and continue, with constant changing variety, throughout the summer until late in the fall when only severe freezing weather will stop the late blooming Chrysanthemums.

Many not familiar with this class of plants have the idea that nothing but a large field grown plant will give satisfactory returns the first year. This, experience has taught us, is in most instances, a mistake. A vigorous plant of proper size, will give far better and quicker results than the best so called "field clumps." The plants we send out are young and vigorous and will, with reasonable care, give splendid results the first season. Plants are sent prepaid at prices quoted. Unless otherwise stated the price is 25c each. Twelve of a kind at ten times the each price or six of a kind at five times the each price. On orders of \$1.50 or more you may add 20% extra in plants of your own choice.

Anchusa Italica—Dropmore variety. One of the best plants for the hardy border. It makes a mass 3 to 4 feet high with innumerable for-get-me-not like flowers and blooms a long time. Sunny situation.

Anemone Japonica—Beautiful autumn flowering plants. Tall and stately, they bear many large showy flowers which are lasting when cut. They do best in the cooler positions of sun or shade. In cold climates they need protection thru the winter. We have three colors; silvery pink, white and semi-double rose.

Anemone St. Bridg—This is far the best of the bulbous anemones. Many colors, single, semi-double and double. They bloom over a long period and do well year after year. Our stock is grown from a famous Irish strain. Many colors mixed. Plants from 2 inch pots, 10c each, from 3 inch pots 20c each.

Aquilegia or Columbine—One of the finest of garden plants, of easy culture, having handsome foliage at all seasons and beautiful flowers borne gracefully on long stems. They thrive in shade or sun. We have the Mrs. Scott Elliott strain of long spurred hybrids in many colors mixed. There is nothing finer.

Asters—Hardy fall flowering sorts known as Michealmas Daisies. One of the best hardy plants for fine masses of soft color in the garden or for cutflowers. For best results they should be divided and reset each spring. They require watering to bring them thru the dry season in good shape.

Climax. Large lavender flowers with yellow centers, 3 to 4 feet.

Iva Logan. Dark purple with bright yellow center, 3 to 4 feet.

Saturn. Light blue with bright yellow center, 2 feet, very late. 20c each. Set of 3 sorts, 50c.

Astilbe—Producing many branched feathery heads of flowers during June and July. They succeed in half shady moist positions in any ordinary garden loam. Pink. 50c.

Bellis—See Daisies.

Bleeding Heart—(*Dicentra spectabilis*) Grows two feet with graceful branches, fernlike foliage and a long raceme of heart shaped rosy pink flowers, pendulant below. Thrives in shade. Small plants 25c; large 75c.

Plumy Bleeding Heart—Beautiful feathery foliage. Makes a fine ground cover. Does best in shade or heavy shade and loose loamy soil. 15c.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Boltonia—Pink flowers similar to Michealmas Daises, blooming in summer.

Campanula Persicifolia — (Peach leaved Bellflower). One of the best of perennial plants. The clumps produce many large bell shaped flowers on stems 2 to 3 feet high, of clear blue or white. Thrive in sun or light shade.

Chinese For-get-me-not. A beautiful blue perennial with flower stalks 18 to 24 inches long. An especially fine novelty for outside or inside for cut flower purposes or effects.

Chrysanthemums—Excellent hardy sorts for garden planting. Their beauty is both for cutting and for the wonderful profusion of flowers of many colors. Their culture is very simple. Plant in well worked soil in April or May, cut off top six inches above the ground to make them branch and give ordinary garden care. Some will need to be staked.

Hardy Pompom Chrysanthemums

This is the small flowering sort known as the button class and are becoming very popular for garden culture and are greatly admired for their graceful flowers in the cut state.

Alco, Rich golden yellow.

Charolette, Bronze.

Lilian Doty, Pink.

Ruth, Dark claret red.

Rhoda, White shaded pink.

St. Francis, Bright yellow.

20c each. Set of six sorts \$1.00

Single Chrysanthemums

These make fine pot plants and are excellent for cutting.

Firebird, Rich terra cotta shaded with bronze and bright yellow center.

Godfrey, A very beautiful rose pink.

20c each.

Anemone Flowered Chrysanthemums

This type consists of one or more rows of flat or tubular ray petals while the center is filled with shorter quilled or tubular disc florets of the same or a distinct color. They are of exceptional beauty for pot culture or for cutting.

Clementia, Deep pink shaded deeper. Very beautiful.

Chestnut, Bright orange shading to yellow tinted with pink as they develop.

Maple Leaf, Light yellow overlaid with old rose. Ray petals sulphur yellow, lightly penciled with old rose. Center pale lemon yellow. 20c each. Set of three sorts 50c.

English Garden Chysanthemums

These are larger than the Pompoms, often called aster flowered, the flowers being quite similar to asters. They are perfectly hardy and bloom during September and October.

Glory of Seven Oaks, Bright yellow. Begins to bloom in August.

Mignon, Rosy pink shaded silvery. Strong vigorous grower and very free flowering.

Source d'Or, Tawny red flushed with bronze and chamois.

Zelia, A fine orange bronze. 20c each. Set of four sorts 65c.

Japanese Chrysanthemums

These are the large flowering kinds commonly grown by florists for cut flowers. Hardy only in favored localities.

Chas. Razor, An elegant incurved bloom of pure white.

Chiefton, A perfect incurved flower of beautiful silvery pink.

Major Bonafon, Clear yellow, full and deep.

Maud Dean, Bright, deep pink, very long narrow petals.

Mistletoe, Bright golden yellow.

W. H. Waite, Deep bronze shaded with gold, finest incurved form and very large.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Yellow Chadwick. Deep yellow, late.

15c each. Set of seven sorts, 85c.

Coreopsis Lanceloata Grandiflora—It produces a succession of rich yellow flowers, long stemmed and excellent for cutting. 15c.

Delphinifolia. Lacy foliage like the larkspur, small yellow flowers with brown center.

Rosea. Small flowers of bright rose, fine foliage. 15c.

Daisies—English. Improved double flowering, pink and white. 10c. 75c doz.

Flordale. A double fringed variety of the Shasta Daisy.

Shasta. Produces slender branching flowering stems, white with golden centers, 3 to 4 inches across. Good cutflowers. Thrives anywhere. 20c.

Day Lilies—See *Hemerocallis*.

Delphinium or Perennial Larkspur, are among the most popular of garden plants, making a grand mass of various shades of blue, five to seven feet high. Wonderful for garden massing and also fine for cutting. If the spikes are cut close to the ground after flowering, they will send up new shoots and bloom again the same season. We can offer only mixed colors at this time.

Whrexham or Hollyhock Delphiniums are the grandest of all the delphiniums. We will have some of these as well as Diener's hybrids to offer in October. Priced according to merit.

Dianthus—(Sweet Williams, Pinks, Carnations.)

Alwoodii. These are an important addition to our perennial plants. They are perfectly hardy and flower continuously from early spring until late in the fall. The flowers are much more substantial and larger than the old types of hardy pinks. They are borne on long stems suitable for cutting

and are delightfully clove scented. Mixed colors only.

Chabaud's Carnation. Produces splendid double clove scented flowers in great profusion, indefinitely. Mixed colors.

Sweet Williams. Every one knows and loves them. The newer shades in mixture. Strong plants.

Everblooming Sweet Williams. These are fine flowers. They have fewer blooms in the head and the flowers are larger than the Sweet Williams. Dark velvety crimson. 15c.

Doronicum Clusii—Leopard's Bane. Greatly admired in the garden or as cut flowers. Light yellow daisy like flowers as large as a Shasta Daisy, in early spring and bloom for a long time. They do well in partial shade. shade.

Echinops Rito—Globe thistle. A thistle like plant of rather coarse growth bearing round thistle like heads of a beautiful steel blue.

For-get-me-not. *Palustris Sempervirens.* A variety that is seldom out of flower, useful for the shady spots. 10c. 75c doz. See also Chinese For-get-me-not.

Foxglove—(*Digitalis*). The Shirley. This is a magnificent strain, growing 5 to 7 feet with very large flowers from white to deep rose and wonderfully spotted and mottled. There is no finer. 15c.

Gaillardia—(Blanket Flower). One of the brightest and hardiest and most easily grown plants. Dark brownish red centers with successive circles of scarlet or crimson finished with a border of yellow. 15c.

Geum—Mrs. Bradshaw. The flowers are deep brilliant red borne in abundance on tall branching stems. Does well in sun or light shade.

Goldenrod—Golden Wings. This is the finest variety of all the goldenrods, having immense panicles in mid summer.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Gypsophila Paniculata — Baby's breath. Strong branching plants 2 to 3 feet with great masses of minute white flowers. Much used in bouquets with other flowers. The flowers can be dried.

Hemerocallis. Day Lilies. Popular hardy plants belonging to the Lily family having graceful grass like foliage. They succeed everywhere.

Fulva. The best known variety. Fragrant deep lemon yellow flowers in June and July. 2½ feet.

Middendorffii. The earliest to bloom. May. Flowers bell shaped. Rich chrome yellow. 2 ft.

We will have a number of other varieties to offer in the fall.

Iris, German. Many of the newer and finer varieties to offer in the Fall. About 75 superb varieties. Planting season July 15th to Oct. 15th. We do not ship Iris in the Spring.

Spanish. A bulbous iris. Bulbs sold only in the fall.

Siberian. Narrow foliage and tall slender stems with handsome flowers, excellent for cutting. This type is becoming more popular. They do well in any garden loam but prefer a moist situation.

Distinction. S. violet blue. F. white with blue lines, copper at base. Very pretty. 35c.

George Wallace. Falls broad, light blue, standards darker, 35c.

Blue King. A large flowering variety of deep purplish blue, 25c.

Orientalis. Very large, rich deep purple. Beautiful. 35c.

Snow Queen, large white flowers, yellow at base. 25c.

Set of the five varieties \$1.25

Susianna. The Mourning Iris sold only in September.

Japanese. Gloriously beautiful plants that are well worth while. At their best, the stiff stems are four feet high, the brilliant flowers six inches across, the foliage is bold and striking. They do best

in a rich soil with plenty of water especially during the blooming season, but the ground should be well drained as they will not stand water at the roots during winter. Plant in August or September or in the spring. The plants usually do not bloom the first season after planting. All named varieties are withdrawn from sale to increase stock. Mixed, three and six petaled. 25c.

Lavender—A well beloved plant of the old fashioned garden with fragrant blue flowers borne over a long season. Large plants only. 50c and \$1.00 each not prepaid.

Lily of the Valley—Clumps for outdoor planting. They require light to medium shade and a loose moist soil. Delightfully fragrant small white flowers.

Lily Regale—A new hardy lily from China that is very popular and admittedly one of the most beautiful garden lilies. It grows under varied conditions. The flowers are trumpet shaped, delicately scented, ivory white shaded pink, tinted canary yellow inside at base, are borne freely on stems 3 to 5 feet high in July. Good flowering sized bulbs 50c each.

Lobelia cardinalis. The flowers are a most vivid scarlet. The plants grow 2 to 2½ feet and are of easy culture. Give it a good soil in the sun and fairly abundant watering. For best results the clumps should be divided each spring and set singly in groups a foot apart.

Mysotis—See Forget-me-not.

Michaelmas Daisies—See Asters.

Peonies—A number of good varieties, offered only in September and October.

Phlox—They are among the very best perennial plants for mid-summer effects. The flowers are borne in large heads, in many shades both soft and brilliant colors. They do well in a good loamy soil in sun or partial shade and should be watered during the dry period.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

- Albion.** Pure white with faint red eye.
- Champs Elysee.** A bright rosy magenta.
- Elizabeth Campbell.** Bright salmon pink with lighter shadings and dark red eye. One of the handsomest.
- Europe.** White with decided crimson-carmine eye.
- Jeanne d'Arc.** A good late flowering white.
- Miss Lingard.** White with slight lavender halo. Early. Begins to bloom in May and continues until October.
- Mrs. Jenkins.** The best all round pure white.
- Frau Anto Buchner.** Very large flowers and truss. White often marked with carmine.
- Rynstrom.** An effective carmine-rose.
- Thor.** A most beautiful and lively shade of deep salmon pink suffused and overlaid with a scarlet glow. An exceedingly fine variety.
- Viking.** A fine shade of pink, tall and late.
- Poppies Orientale**—Very large gorgeous flowers in May and June. They have large tap roots and are best planted in August and September when they are dormant.
- Goliath.** Scarlet with large black spots on each petal.
- Mahogany.** Dark mahogany red with black blotches on each petal.
- Mrs. Perry.** A fine salmon apricot with black blotches.
- Oriflamme.** Large orange scarlet.
- We will have several other varieties to offer in the fall.
- Primroses**—English. Early low growing, bright colored flowers for low borders. They do best in good loam and shady situation. 15c.
- Pyrethum Roseum**—Grows a foot high or more with many fine flowers on long stems, excellent for cutting. The flowers are both single and double in shades of white, pink and red to deep crimson. They bloom over a long season. Plant in good loam in sun or light shade. Our plants are grown from a very fine strain of double sorts but there will be many very fine singles among them.
- Ranunculus Repens fl. pl.**—The very double flowers are produced in spring and early summer. They are the original double buttercups. 15c each.
- Shasta Daisy**—See Daisies.
- Sweet Williams**—See Dianthus.
- Tritoma**—Commonly known as Red Hot Poker. From large grassy leaves, big leafless flowering stems are sent up bearing dense spikes of brilliant scarlet flowers. The variety we have blooms a long time. In cold climates they should be taken up in the fall and stored in dry sand thru the winter.
- Veronica.** Speedwell. Longifolia subsessilis. The showiest and best of the Veronicas. Forms a bushy plant 2 to 3 feet high, with long dense spikes of deep blue flowers from the middle of June to early in September.
- Spicatum.** An elegant border plant growing about 18 inches high producing long spikes of bright blue flowers in June and July. See also Evergreen Shrubs Veronica.
- Wallflowers**—Old fragrant favorites, mixed colors in yellow, brown and red. Large plants only.

ROSES

We carry only a few of the newer standard varieties. Our plants are two year old, field grown, budded stock, except climbers which are on their own roots. Prepaid up to the third zone. 75c each unless otherwise noted.

Duchess of Wellington—Rich saffron yellow with reddish glow, large, well formed pointed buds, very fragrant.

Irish Fireflame—A very fine single rose of rich orange color shaded red, especially beautiful in the bud.

Lady Hillingdon—Deep apricot yellow, finely formed buds on slender stems.

Los Angeles—Flame pink toned with coral red and shaded gold at base. Very large fine formed buds. Very popular.

Mme. Edouard Herriott—Coppery red shaded bright pink, very fine pointed buds, continuous bloomer. Always much admired.

Ophelia—Light salmon shaded rose, finely formed buds and a continuous bloomer.

Frau Karl Druschki—This grand large, vigorous growing rose is the best and purest white. 50c each.

Hadley—Deep velvety crimson, blooms freely.

Hoosier Beauty—A crimson-scarlet variety with finely shaped buds, fragrant. A very popular red.

George Ardens—Called the pink Frau Karl Druschki and is very similar to that variety but bright pink in color.

Mme. Caroline Testout—The well known large pink garden rose. A continuous bloomer. 50c each.

Souvenir de Claudius Pernet—Buds very large and elongated opening in beautiful formation, bright golden yellow, stout thorny light green canes, continuous bloomer. One of the most sought after of the newer roses. \$1.50 each.

Rose Marie—A very finely shaped rose with fragrant lasting flowers, a rich deep uniform shade of pink.

Mrs. S. K. Rindge—Buds very long and pointed, rich golden yellow, outside of petals stained Indian red at base. 90c each.

William F. Dreer—Soft shell pink with rich golden yellow at base of petals, beautiful in all stages of development, extra. 90c each.

Lyon—A superb shrimp pink with salmon and chrome yellow shadings, very large and beautifully formed on strong stems, continuous bloomer.

Mrs. Aaron Ward—Deep golden orange shading out to lemon at the edge of petals, often described as Indian yellow.

President W. R. Smith—Lovely silvery pink on strong almost thornless canes. A fine variety.

Premier—A robust grower with luxurious foliage surmounted by massive pink flowers of great substance. An extra good variety.

CLIMBERS

Dorothy Perkins—Great clusters of pretty double pink flowers. 50c.

Dr. Van Fleet—Flowers large with high built centers, a beautiful shade of shell pink, handsome bronze-green foliage.

Excelsa—Great clusters of crimson-scarlet flowers, better color than the Crimson Rambler. 60c.

Paul's Scarlet Climber—Brilliant vivid scarlet, semidouble flowers produced in clusters.

Silvermoon—Large single silvery white flowers, a rampart grower. 60c.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

ORNAMENTALS

Broadleaved and coniferous evergreens are dug with a ball of dirt on the roots and burlaped. They are shipped by express or freight, at purchaser's expense.

BROAD-LEAVED EVERGREENS

Abelia Grandiflora—A graceful small leaved shrub with pinkish white flowers late in summer when few other plants are in bloom. Spreading habit, good for rockery, banks and massing. 18-inch, \$1.00; 24-inch, \$1.50.

Azalea Hidonigiri—Japanese evergreen Azalea. Dwarf habit bright crimson flowers in spring. See also deciduous Azalea. \$2.00 each.

Berberis Darwinii—An evergreen barberry with small holly-like leaves and bright yellow flowers in spring. 75c and \$1.50 each.

Boxwood—Slightly trimmed, plants 6 to 12 inches high. 50c to \$1.50.

Choisa Teranata—Mexican Orange. A compact free blooming bush with fragrant, waxy, white, orange-like flowers. 2½ ft. plants \$2.00.

Cotoneaster—Beautiful shrubs with small leaves and red berries that hang on all winter.

Floscosa. Of low spreading habit, dark green leathery foliage. Very attractive at all times. 50c and \$1.00 each.

Fanchetti. An upright grower with gracefully arching branches. Leaves silvery beneath, bright orange scarlet berries. \$1.50 and \$2.50 each.

Microphylla. Sprawling, very small glossy dark green leaves and bright red berries. Fine for rockeries and banks. 50c and \$1.00.

Thymifolia. Similar to the above but trails on the ground. An excellent rock plant or ground cover. \$1.00 and \$1.50 each.

Panosa. Of upright form but not stiff, reddish wood, bright green leaves and bright red berries. Very attractive. \$1.00 each. See also deciduous Cotoneaster.

Crataegus Pyracanthus Coccinea—(Fire Bush or Firethorn)—Covered with clusters of orange red berries in winter. Very attractive. \$1.50.

Lalandi. Similar to the above but more spreading, red berries. Same price.

Dahane Japonica or Odora—Waxy light green leaves with white margin. Fragrant pink flowers in spring. Attains 3 to 4 feet. 8 to 10-inch plants, \$1.50

Euonomus Japonica—Waxy green leaves, semi-dwarf. 1 foot plants 50c.

Albo Marginata. Similar to the above but each leaf has a white margin. Same price.

Radicans. Trailer, smaller leaves than Japonica. 50c, 75c and \$1.00.

Varigata. A varigated form of the above. 50c.

Heather—Popular evergreen plants with tiny bell like blossoms borne in great profusion. Very desirable in any planting where low growing evergreens are wanted.

Mediterranean. Early spring flowering, bright pink. 75c and \$1.50.

Hybrida. Dwarf, spreading, bright pink flowers throughout winter. Small plants 50c.

Vagans. Lavender pink flowers on tips of branches in June and July. 50c and 75c each.

Laurel—English. Large, glossy bright green leaves. Makes a small tree but can be trimmed to form or used as a hedge. 75c and \$1.50.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Laurustinus. A beautiful winter flowering shrub, attaining five feet with small whittish pink flowers in umbles. \$1.00.

Lonicera Nitida—(Box Honeysuckle) Small evergreen foliage, very desirable for base planting or grouping. Can be trimmed like boxwood and used in tubs or used as a hedge. Plants 6 inches to 2 feet. 25c, 50c, 75c, \$1.00 and \$2.00.

Mahonis—(Oregon Grape). Good nursery grown plants. 75c and \$1.00.

Snowball—Evergreen or Leather-leaved. A neat shrub of upright growth with large, dark green, leathery leaves and snowball like flowers. \$2.50 each.

Veronica—Small evergreen plants of symmetrical habit of growth.

Boxifolia. Dwarf, bright green foliage, fine for rockeries or borders. 25c, 50c and 75c each.

Cupressoides. A compact cypress leaved Veronica of bluish green color. A very popular variety. 25c, 50c, 75c and \$1.00.

Glauca. Dwarf, with silvery blue foliage and white flowers. Good for rockery, banks or borders. Same price as Boxifolia.

Latifolia or Thymifolia. Of medium height, small dark green leaves and white flowers. 40c and 75c each.

Menziesii. Gray green foliage and one of the hardiest. Medium height. Price same as Boxifolia.

Pimeleoides Glauca. Dwarf, compact, rich blue-green leaves. Leaves smaller than the above Glauca and more glaucous. 25c and 50c each.

Traversi. This is the largest of the kinds that are hardy on the Coast attaining 3 to 4 feet. White flowers. Same price as Latifolia.

Rotundifolia. Of medium height with round, rich dark green leaves and pink flowers. Same price as Boxifolia.

Name Lost. A variety of medium height with reddish wood and bright green leaves with a red margin. White flowers. 50c each.

Imperialis—Large thick, glossy, rich dark green leaves, of upright growth and reddish purple flowers. Not hardy. 50c each.

Variegata. A variegated form of the above with lavender flowers. Not hardy. 50c each.

CONIFEROUS EVERGREENS

Arborvitae (Thuja) Occidentalis—Common arborvitae. \$1.50 each.

Occidentalis Globosum. Natural globe shaped, bushy and compact. Small plants 75c each. Specimens \$2.50.

Orientalis Pyramidalis. Deep green, broad base tapering to a point. Small plants 75c each. Specimens \$1.50, \$2.50 and \$3.50.

Orientalis Aurea. Golden Chinese Arborvitae. Golden, compact, bushy, dwarf, slow growing. \$2.50.

Obtusa. Japanese Hinoki Cypress. An artistic Japanese evergreen of great ornamental value having irregular fan shaped branches, with pendulous tips and pendulous top shoot. It is slow growing and gives an artistic touch to any planting. Pure green color. 12 to 18 inch plants, \$2.50.

Cryptomeria Elegans—Compact, feathery foliage, bright green in summer changing to bronze red in winter. \$1.00, \$1.50 and \$2.00.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Cypress Erecta Verdis—Bright green, compact pyramid form, very symmetrical formal appearance. 1½ to 2 ft., \$2.50. 3 to 3½ ft., \$5.00.

Juniper Chinese—Glaucus green color, slow growing, very compact, pyramid form. \$1.00, \$1.50 and \$2.50 each.

Irish. The most common voluminar form, Steel blue. \$1.00 and \$2.50.

Virginiana. Large growing but of graceful habit, leaves scale like, bluish. \$1.50 and \$2.50.

Retinospora Filifera—Compact shrub

of dense habit. Tips of branches thread like and gracefully pendulous, bluish. Can be trimmed and kept small and shapely. Small plants, 75c. Trimmed specimens, \$2.50 and \$3.50.

Filifers Aurea. A golden form of the above. Same price.

Plumosa. Plume-like branches, compact. \$1.00, \$1.50 and \$2.00.

Plumosa Aurea. A golden form of the above \$1.00.

Spruce Norway—Dark green. A fairly rapid grower, trims well. \$1.50 and \$2.00 each.

DECIDUOUS SHRUBS

Azalea Mollis—An early flowering shrub, blooming before the leaves appear. Gorgeous flowers of yellow, orange and coral. We cannot guarantee colors. Strong plants full of buds. \$3.50.

Berberis Thunbergi—Japanese barberry. Dwarf, compact, yellow flowers followed by red berries which hang on during winter. Brilliant Fall color. Makes good low natural hedge. 75c.

Crab Apple—Bectle's double flowering crab. A small tree with very double pink flowers like small roses, fragrant. \$1.00 and \$1.50.

Cotoneaster Horizontalis. Deciduous, with heavy crop red berries in winter; sprawling. Good for rock work, edging, or along outside of shrubbery groups. 50c and \$1.00.

Cotoneaster Simonsii. Tall, bushy plants. Bright red berries in winter. 75c.

Deutzia Gracillis—Dwarf with masses of small white flowers during spring, very desirable. 75c.

Hydrangea Otaska—This is the variety that is used extensively for out-door planting, producing immense panicles of pink or blue flowers. We have both colors. 75c.

Hydrangea—Oak leaved. Has large panicles of white flowers in late summer. Leaves similar to an oak leaf and wonderfully colored in the fall. 75c.

Kerria Japonica—Globe Flower. A tall flowering shrub with double yellow flowers and bright green wood. 75c.

Philadelphus—Mock Orange. Coronarius. Common Mockorange. Attains 10 feet if not trimmed, large single white flowers, fragrant. 60c.

Spiraea Salicifolia—Much like *S. Van Houttei* in habit and flowers, leaves willow like and stay green much longer than any other variety of *Spiraea*. 60c.

Spiraea Thunbergi—Attains 2 to 4 feet, early, pure white flowers, fine light green foliage. Attractive at all times. 60c.

Spiraea Van Houttei—Bridal wreath. Covered with pure white flowers in spring, gracefully arching branches. One of the best shrubs for any purpose. Very popular and desirable. 60c.

VINES

Clematis Paniculata—Small flowered, very profuse bloomer and strong grower. The vine dies down in winter. 50c and 75c each.

Euonymus Radicans—See evergreen shrubs.

Honeysuckle Hallianna—Hall's Japanese evergreen. Flowers white, changing to yellow. 50c.

Ivy—English. Evergreen, clings to walls by ariel rootlets. 50c.

BEDDING PLANTS

Healthy transplanted plants, ready for delivery after April 15th. 30c per doz. from flats. Postage extra if wanted by mail.

Asters—Crego Giants. Shell pink, rose pink, lavender, purple and white.

Ageratum—Dwarf, light blue. Fine border plant.

Antirrhinum (Snapdragons)—Giant flowers semi-tall, the best for bedding. Yellow, red, pink and orange.

Arctotis Grandis (African Daisy)—Pure white with lilac blue reverse.

Daisies—English. Improved double pink and white. 75c per doz.

For-get-me-not — An everblooming variety. 75c per doz.

Marigold—African. Large double flowers, tall plants. Lemon and orange.

Marigold—French. Brown and yellow flowers. Tall and dwarf kinds.

Marigold—Pot or Calendula. The Ball. The best orange.

Phlox—Annual, free flowering, mixed colors.

Salvia—The well known Scarlet Sage.

Salpiglossis—Tall plants with petunia like flowers and rich colors.

Scabiosa—Commonly known as Pin-cushion plant. Mixed colors.

Verbena—Mammoth flowered. Pink, blue, purple and red.

Zinnia—New Giant or Colossal flowers. All colors separate or mixed.

Lobelia—Trailing for boxes and baskets. Dwarf for low borders.

A Few Annuals of Special Merit

Single China Asters—Large daisy-like flowers, very effective in beds or borders and for cutting, they are a pleasing change to the double sorts. Mixed colors. 30c doz.

Single Annual Chrysanthemums—

Or painted Daisies. They grow 24 to 31 inches high and quite bushy and should not be planted closer than 15 inches apart. Good for beds or borders and cutting. They bloom from mid-summer until autumn, white, yellow, red, bronze and combinations of these colors, mixed. 30c per doz.

Verbena Gigantea — Flowers very much larger than the Mammoth sorts.

Coccinea. Red.

Rosea Stellata. Pure rose pink, with large white eye.

Rose Cardinal. Carmine rose with large white eye.

Viola Stellata—Violet with large white eye.

From flats 50c doz. From 2-inch pots \$1.00 per doz. From 3-inch pots, \$1.50 doz.

THE LANGLOIS FLORAL GARDEN, VANCOUVER, WASH.

Zinnia—Dahlia flowered. The plants are very sturdy and produce many large flowers on stout stems. Flowers often measure four inches in depth and 6 to 8 inches across.

Crimson Monarch. Rich crimson.

Dream. Deep lavender.

Exquisite. Light and deep rose, Very beautiful.

Golden State—Rich orange.

Old Rose. Art shades.

Any of the above from flats, 60c doz.

Plant for Window Boxes, Porch Boxes and Hanging Baskets

All pot grown. One doz. of a kind at 10 times the each price. Not prepaid.

Ageratum Mexicanum—18 inches, beautiful soft lavender blue. 10c, 3 for 25c.

Alyssum Double—Pure white double flowers, trailing. 8c.

Calceolaria—Clusters of golden yellow flowers all season. 10c and 15c.

Coleus—Handsome foliage plants. 10c and 20c.

Dracena—Plants with long narrow green leaves. 20c and 35c.

Fushia—Trailing Queen, of drooping or trailing habit. 15c.

Fushia Gracilis—A slender drooping variety with very small flowers. 15c.

Geraniums—All colors, standard varieties. 15c, 20c, 25c and 35c.

Geranium—Ivy or trailing. Red, pink and white. 15c and 25c.

Gyclophyllum—Dusty Miller. Round white leaves. 10c and 15c.

Honeysuckle — Variegated, yellow and green, a fine trailer. 10c and 15c.

Heliotrope—Popular, fragrant blue flowers. 10c, 15c and 20c.

Ivy—German or Parlor. A rapid grower. 8c.

Ivy—Moneyworth. A dainty small leaved ivy. 8c and 15c.

Lantana—Shrubby plants with verbenalike flowers. Pink and yellow. 10c and 15c.

Lobelia—Trailing, especially valuable in baskets. Blue. 8c.

Lotus—A trailing plant with feathery, gray-green foliage and red flowers. 10c and 15c.

Marguerite — Mrs. Fred Sanders. White daisy like flowers. 10c and 15c.

Mesembrathemum—Ice plant. Two varieties both trailing. 10c and 15c.

Petunia—Unequalled for boxes or baskets.

Elks' Pride. Dark velvety purple.

Heliotrope. Light blue.

Pride of Portland. Large pink, fringed.

California Giants. Very large flowers in rich colors. Mixed.

All petunias 10c and 20c.

Verbena—All colors. See Bedding plants. Mammoth 8c. Gigantea, 10c.

Vinca—A fine trailer, green leaves margined white. 10c and 15c.

Wandering Jew—Bronze variegated, green and variegated. 8c.

CANNAS

Our prices on cannas are for strong plants from pots. We do not sell dry roots as they are not satisfactory in this country. Plants from 3-inch pots, 15c each, \$1.50 per doz. From 4-inch pots 25c each, \$2.50 per doz. Ready May 15th.

Hungaria—The best pink canna, very compact, somewhat dwarf.

King Humbert—Bronze leaves with red flowers.

Wintzel's Colossal—Green leaves, very large red flowers.

Yellow King Hubert—Green leaves, yellow flowers spotted red.

Cannas require full sun, a rich soil and plenty of water.

PANSY PLANTS

From March 15th to June 1st we have a famous strain of pansy plants in full bloom. The flowers are of large size and many rich colors. The plants have been wintered outside. 50c per doz. Selected plants with extra large flowers, 60c and 75c per doz.

Small plants the same as the above, not in bloom. These small plants will be in fine bloom for Decoration Day. Ready April 15th, 25c per doz. 100 for \$2.00 postpaid.

YOUR GARDEN TROUBLES TELL 'EM TO US

We are always glad to give any information we can that will assist you in getting the utmost from your plantings. We try to give prompt attention to letters of inquiry but ask, as a favor, that as few as possible be sent during April and May at which time we are very busy with other work.

You are cordially invited to visit our garden during the blooming season. We try to keep in the march of progress by adding new varieties of proven merit and have many kinds growing on our grounds of which we have too few to catalogue.

ASK FOR FALL CATALOGUE

of Iris, Peonies, Poppies, Tulips, Narcissus, Hyacinths, etc.

*“It’s satisfaction
we sell.”*
